MRS. WINSLOW'S SOOTHING SYRUP.

REV. SYLVANUS COBB thus writes in the Bosto Christian Freeman: We would by no means re know to be good-particularly for infants. But of MRS. WINSLOW'S SOOTHING SYRUP we can speak from knowledge; in our own famfly it has proved a blessing indeed, by giving an infant trou ble ! with colle pains quiet sleep and its parents un broken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, an the little cherub awakes as "bright as a button. And during the process of teething its value is in calculable. We have frequently heard mothers say they would not be without it from the birth of th child till it had finished with the teething siege or any consideration wantever. Sold by all druggist Twenty five cents a bottle. de 31-cod1w de 31-cod1w
